A Report on

Revit Architecture Seminar

By Degree Civil Department,

Grow More Faculty of Engineering

We Degree Civil Department have organized seminar on “Revit Architecture” in association with “SAI CAD CENTER” on 23rd March, 2015. From the center Mr. Hiren Panchal & Mr. Ravi Chauhan have come and acknowledge our students of Degree 4th, 6th & 8th semester in the presence of all faculties of Degree Civil Department. Such software is really very helpful now a day in the world of technology to design & estimation process of the construction. For the better practice on field knowledge of such knowledge is very essential for Civil Engineers.

Following Points discussed by Experts of “Revit Architecture”:

- Project Setup
- Basic Modeling
- Advance Modeling
- Import & Export
- Massing
- Site
- Structural
- Drafting
- View
- Drawing Views
- Visualization & Walkthrough.
Students got enriched with knowledge at the end of the session & Prof. Anurag Garg delivered ‘Vote of Thanks’.
